| DECLARATION FOR UTILITY OR | Attorney Docket No. | 9027 | |
| DESIGN | | | |
| PATENT APPLICATION | First Named Inventor | Paulus Antonius Angustinus Höfte | |
| (27 C F B 1 63) | COMPLETE IF KNOWN | | |
| (37 C.F.R. 1.63) | Application Number | 10/658,007 | |
| | Filing Date | September 9, 2003 | |
| | | Not Available | |
| | Group Art Unit | Not Available | |
| • | Examiner Name | Not Available | |
| | Confirmation Number | 1007 | |
| I believe the inventor(s) named below to be the original ampatent is sought on the invention emitted Device For Remote the specification of which (check [] is attached hereto one) [X] was filed on September | 9, 2003 as United States | bject matter which is claused and he willow. | |
| by any amendment referred to above. I acknowledge the duty to disclose information which is continuation-in-part applications, material information which national or PCT international filling date of the continuation. I hereby claim foreign priority benefits under 35 U.S.C. 51 certificate, or §365(a) of any PCT International applications. | ents of the above identified material to patentability th became available between-in-part application. 119(a)-(d) or §365(b) of an on which designated at lea | as defined in 37 C.F.R. §1.56, including for the filing date of the prior application and the prior application and the y foreign application(s) for patent or inventor at one country other than the United States on application for patent or inventor's certificate | |
| I hereby state that I have reviewed and understand the content by any amendment referred to above. I acknowledge the duty to disclose information which is continuation-in-part applications, material information which national or PCT international filling date of the continuation. I hereby claim foreign priority benefits under 35 U.S.C. § 1 certificate, or §365(a) of any PCT International application America, listed below and have also identified below, by of any PCT international application having a filing date between the prior Foreign Application. | ents of the above identified material to patentability th became available between- in-part application. 119(a)-(d) or \$365(b) of an on which designated at lea hooking the box, any foreig after that of the application Foreign Filing | as defined in 37 C.F.R. §1.56, including for the filing date of the prior application and the sy foreign application(s) for patent or inventor at one country other than the United States on application for patent or inventor's certification which priority is claimed: Date Priority Not Claimed | |
| I hereby state that I have reviewed and understand the content by any amendment referred to above. I acknowledge the duty to disclose information which is continuation-in-part applications, material information which national or PCT international filling date of the continuation. I hereby claim foreign priority benefits under 35 U.S.C. § 1 certificate, or §365(a) of any PCT International application. America, listed below and have also identified below, by of any PCT international application having a filing date be | ents of the above identified a material to patentability to became available between-in-part application. 119(a)-(d) or \$365(b) of an on which designated at least hecking the box, any foreign fore that of the application | as defined in 37 C.F.R. §1.56, including for the filing date of the prior application and the state of the prior application and the state of the prior application application for patent or inventor's certificate on which priority is claimed: Date Priority Not Claimed T | |
| I hereby state that I have reviewed and understand the content by any amendment referred to above.
